

A heatmap visualization showing the relationship between 'To State' (x-axis) and 'From State' (y-axis). The x-axis ranges from 0.0 to 10.0, and the y-axis ranges from 0.0 to 10.0. The color scale indicates values ranging from approximately -1.0 (dark purple) to 1.0 (yellow), with intermediate colors like green and blue representing values around 0.0. The plot shows a complex pattern of positive and negative correlations across different state pairs.
